CONTEMPORARY LIVING

- COLLECTION -

Putting warmth at the heart of the home

The Farrington range epitomises the finest of British design with innovative technology. Outstanding all-round performance and long burn times mean that the Farrington range is not only 'Ecodesign Ready' compliant but also meets even stricter North American EPA low emission levels.

*What does Ecodesign Ready mean?
High efficiency, low CO, up to 90% less smoke emissions than an open fire.*

Farrington Catalyst Eco* | 11.4kW **A+**

*Farrington Catalyst Eco burns wood only

Farrington Medium Eco
on stand

Farrington Medium Eco
on log store

Farrington Small Eco in Atlantic shown on colour-matched log store

Features

- Better than Ecodesign standards when burning wood or solid fuel
- Approved for use in Smoke Control Areas
- Stainless steel ash pan and throat plate
- Direct air compatible
- Preheated airwash system for clean glass
- Externally controlled riddling grate - from either side
- Non-smoker paint
- Choice of standard detachable handle or optional detachable wooden handle

Available with 4.9, 8.2, 10.6 or 11.4kW outputs

Handle upgrade

Exclusive to the Farrington range is our premium wooden handle which you may choose as an upgrade in place of the standard removeable handle.

Optional extras:

Log store / Stand / Pedestal / Wooden handle

i600 Slimline Freestanding

This 4.9kW freestanding stove is based upon the look of our popular i600 series cassette stove. So it too features a fully glass door offering a fantastic view of the flames.

This slim-bodied stove is available with or without an integrated log store. Its glass door is also available in any one of our Arada colour options, to match your decor and make an impressive centrepiece in any modern home.

Features

- Full glass door, available in Midnight, Mist, Slate, Sandcastle, Spice and Atlantic colours
- Non-smoker paint
- Preheated airwash system for clean glass
- Approved for use in Smoke Control Areas
- Direct air compatible
- Glass supports available in special order colours
- Radiant and convected heat
- Primary, secondary and tertiary burn to improve efficiency
- Two position door mechanism to assist cold lighting
- Top or rear flue fitting 127mm (5")

Available with a 4.9kW output A

The i600 Slimline Freestanding Mid model - shown above - features an integrated log store which is handy for storing kindling as well as logs

i600 cassette and i600SLF stove door glass shown with Spice colour option

i Series Cassette

The sleek and cutting-edge design of the second-generation i Series cassette stoves make them perfect for the modern, energy-conscious home. Complete with full glass door, heat convection system and easy-to-use controls, the i Series makes the most from your fuel.

Our range of colour finishes will ensure your i Series stove fits perfectly into your home, whilst the internal pre-heated airwash system keeps your glass clean for a warming view of the fire.

Available with 4.9, 6.4, 7.5 or 8.9kW outputs **A**

i600 shown with Mist glass door and colour-matched four-sided trim

i400 shown with three-sided Spice trim colour and Mist colour glass supports

Model shown: i750 shown with four-sided trim type. Three-sided trims are available for fitting any i Series Cassette stove at ground level.

Features

- Full glass door
- Non-smoker paint
- Preheated airwash system for clean glass
- Stainless steel ash pan
- Direct air compatible
- Optional choice of trim types and colours
- (i600 only) Glass door available also available in Mist, Slate, Sandcastle, Spice and Atlantic colours
- Radiant and convected heat
- Patented Flexifuel System
- Primary and secondary burn to improve efficiency
- Two position door mechanism to assist cold lighting
- Top flue fitting 127mm (5")
- Internal flue fitting and flue damper for ease of installation
- Approved for use in Smoke Control Areas

Optional extras: Optional choice of trim
